

THE MEDWAY QUEEN CLUB

The MEDWAY QUEEN CLUB

50th Anniversary 2016

Richard Halton

PS Medway Queen was a restaurant and nightclub on the Isle of Wight from May 14th 1966 to 1974. While the formal history has been known and published in previous books; this time we are concentrating on the human side of the story in the words of those who were there. Musicians, staff, management and visitors have all contributed memories and photographs. Mark Ridett, son of the owner at that time, has helped enormously and written the Forward. The book has 64 A5 pages and is packed with photographs, many not previously published. It can be pre-ordered now, direct from the author. All proceeds after actual production costs have been met will be passed to the restoration fund. The book also contains a very brief history of the ship before her time on the Island to set the scene and an outline of her preservation and restoration. Topics that are covered in far more detail in other publications available through the society's website.

The book is available from Reading Support Group exhibition stands or the Medway Queen Visitor Centre and by mail order using the form below.

Alternatively send the appropriate amount via Paypal to my personal account mq.reading@ntlworld.com with a note of how many copies you require and your full name and address for posting.
